**Title:** Stem Cell Transplantation (Multiple Myeloma, Myelofibrosis, and Sickle Cell Disease) (CAG-00444R)

**Decision:** The Centers for Medicare & Medicaid Services (CMS) will modify existing National Coverage Determinations Manual to expand national coverage for allogeneic hematopoietic stem cell transplantation (HSCT) for three separate medical conditions:

- Multiple Myeloma
- Myelofibrosis, and
- Sickle Cell Disease

**What this means:** Medicare will cover items and services necessary for research under Coverage with Evidence Development for members participating in an approved prospective clinical study.

**Effective:** January 27, 2016

This information is available in other forms to people with disabilities by calling: 612-676-3200 (voice) or toll free at 1-800-203-7225 (voice), 612-676-6810 (TTY) or toll free at 1-800-688-2534 (TTY); or through the Minnesota Relay at 711 or toll free direct access at 1-800-627-3529 (TTY, Voice, ASCII, Hearing Carry Over), or 1-877-627-3848 (speech to speech relay service).

American Indians can continue or begin to use tribal and Indian Health Services (IHS) clinics. We will not require prior approval or impose any conditions for you to get services at these clinics. For enrollees age 65 years and older this includes Elderly Waiver (EW) services accessed through the tribe. If a doctor or other provider in a tribal or IHS clinic refers you to a provider in our network, we will not require you to see your primary care provider prior to the referral.
