UCare Individual & Family Plans

2021 UCare premium rates released

We are excited to share with you UCare's 2021 Individual & Family Plan premium rates. More than 43,000 Minnesotans count on UCare to sort through the details and simplify their health plan options — no matter the situation.

Look-up individual rates

UCare's premium rates listed in this booklet are organized by:

- ✓ Network service area
- ✓ Rating area/region
- ✓ Tobacco use

Then look-up specific rates by age, plan type and metal level.

Premium rates are even lower with MNsure subsidies

As you know, for more than half of Minnesotans who buy health coverage on their own, rates will be lower than reflected in this booklet due to subsidies available on MNsure. The average household saves \$425 every month on plan premiums with tax credit subsidies and could save even more on out-of-pocket expenses with other cost-sharing subsidies. Encourage those you speak with to complete an application “with financial help” on MNsure to find out what financial help they may be eligible to receive.

Shopping on your own?

If you are shopping for a health plan on your own, know that what you will pay for health coverage depends on your:

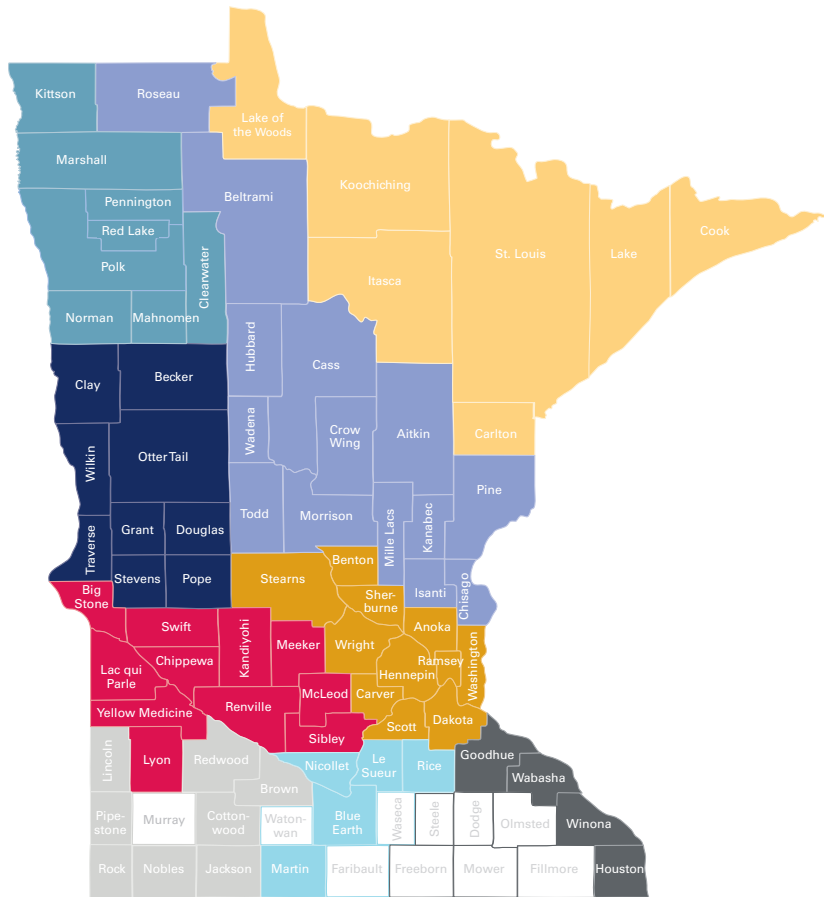

- Home address
- Age
- Household size
- Tobacco use

Your rate also depends on the type of plan you are looking for and whether you qualify for a subsidy through MNsure.

This booklet will give you an idea of what you will pay for a plan. But you should apply on MNsure using the “with financial help” option to see if you qualify for subsidies that will lower your rate even further.
