Basic health plan definitions

- **Copay:** A fixed amount (for example, \$20) you pay at the time you receive health care services. Copays don't apply toward your deductible, but they do apply to your out-of-pocket limit.
- **Deductible:** The amount you pay out of your own pocket before your plan begins to pay. For example, if your deductible is \$1,000, that's the amount you'll pay before your plan will start to pay. The deductible does not apply to all services.
- **Coinsurance:** The share of costs you're responsible for paying, usually shown as a percentage of the allowed amount for the service. For example, if your plan's allowed amount for an office visit is \$100 and you've met your deductible, your coinsurance payment of 20% would be \$20. Your health plan pays the rest.

How can I find out if my doctor or clinic is in UCare's network?

Go to search.ucare.org. Choose UCare Individual & Family Plans from the drop-down "Pick Your Plan" menu and search for doctors, hospitals and more. You can narrow your search by choosing a specialty, location or other options.

How will I know if my prescription drugs are covered by my plan?

Go to search.ucare.org for an up-to-date list (also called a formulary) of prescription drugs covered by your plan. Be sure to select "Pharmacies" from the tool bar.

Am I covered when I travel?

In general, you should see an in-network provider whenever possible. But, if you are traveling and need emergency care, you are still covered by your UCare plan. Be aware that emergency care providers may still bill you for charges that are higher than those allowed by UCare. For non-emergency care UCare's network is limited to Minnesota.

How can I find out if UCare has received my monthly premium payment?

You can find out if your payment has been received by logging in to your online member account on ucare.org. You'll see the amount currently due, any past due amounts and the dates UCare received your payments.

How do I keep track of how much I've paid toward my deductible?

When you receive medical services, you'll receive an Explanation of Benefits (EOB) that will include how much you've paid toward your deductible and out-of-pocket limit. You can also find this information by logging in to your online member account on ucare.org.

What if I still have questions?

Call the Customer Service number on the back of your member ID card.
