Confused about Medicare? Our team of de-complicators is at your service to answer your toughest questions. We help you navigate so you can choose the health plan that’s right for you.

Original Medicare is made up of two parts — Part A and Part B

**Part A — hospital coverage**
Medicare Part A helps pay for inpatient hospital and skilled nursing facility stays, hospice care and home health care.

**Part B — medical coverage**
Medicare Part B helps pay for a wide range of medical expenses including doctor visits, many preventive screenings, lab tests, X-rays, outpatient procedures, mental health services, durable medical equipment and more.

**Part C — Medicare Advantage plan**
Think of Part C (Medicare Advantage plan) as a package.
It combines Part A with Part B, then may add special benefits that Medicare does not cover, such as vision and dental care. Many packages even include Part D prescription drug coverage.
Discover the all-in-one convenience of a Medicare Advantage plan. Get all your health benefits in one package and find peace of mind in protecting your health and managing your out-of-pocket costs.

**Part D — outpatient prescription drug coverage**
Part D is available to anyone enrolled in either Medicare Part A or Part B. Part D can be purchased through two types of health plans: Medicare Advantage plans that include Part D or stand-alone prescription drug plans.
You must choose whether or not to enroll in Part D when you first become eligible for Medicare. Keep in mind that if you decline it, but decide you want this coverage later, you may have to pay a penalty.
Most Part D plans have a monthly premium, and benefits and drug costs that vary by plan. Each health plan publishes a list of covered drugs called a formulary.

If you want to know more about the coverage and costs of Original Medicare, look in your current Medicare & You handbook. View online at medicare.gov or get a copy by calling 1-800-MEDICARE (1-800-633-4227), 24 hours a day, seven days a week. TTY users call 1-877-486-2048.
When am I eligible for Original Medicare?
You qualify for Medicare if you:
 • Are 65 or older or meet special criteria
 • Worked for at least 10 years and paid Medicare taxes (or your spouse did)
 • Are a citizen and permanent resident of the United States

How do I enroll in Original Medicare?
You may apply online at ssa.gov/medicare, via telephone appointment at 1-800-772-1213 (TTY users call 1-800-325-0778), or in person at a local Social Security office.

When can I make changes to my Medicare coverage?

Annual Election Period (AEP)
Every year between October 15 and December 7, you can make a plan change to be effective on January 1 of the following year. This change may include adding or dropping Medicare Part D.

Note: Medicare Advantage plans release their rates and benefits for the following year on October 1.

Special Enrollment Periods (SEPs)
You may qualify for a Special Enrollment Period at any point during the year if you:
 • Are leaving or losing coverage through an employer or union (including COBRA)
 • Move to an area where your current plan isn’t offered
 • Are on Medical Assistance or no longer qualify for Medical Assistance
 • Receive Extra Help for Medicare Part D
 • Are losing your current coverage or your plan is no longer offered

Medicare Advantage Open Enrollment Period (MA-OEP)
During the MA-OEP, Medicare Advantage members may enroll in another Medicare Advantage plan and return to Original Medicare (limited to one change). This period runs from January 1 through March 31.

When can I enroll in a Medicare Advantage plan?
Medicare has limits to when and how often you can change your Medicare Advantage plan. These specific time frames, called “election periods,” determine when you can enroll in or leave a Medicare Advantage plan.

Initial Coverage Election Period (ICEP)
When you become eligible for Medicare (either by age or disability), you may enroll in Original Medicare and a Medicare Advantage plan during your Initial Coverage Election Period (ICEP). When you enroll during the ICEP, the soonest Medicare allows us to accept your enrollment application is three months before you become eligible.

If you have had Part A and are just applying for Part B, the ICEP is limited to the three months prior to your enrollment in Part B.

Enroll when first eligible
You have a seven-month period (three months before you turn 65, the month you turn 65, and three months after your birthday month).

Example
birthday is July 4

Late enrollment penalties
If you don’t sign up for Part B and Part D when you first become eligible, Medicare may apply a penalty if you decide to sign up later. You’ll pay the penalty for as long as you have Part B and Part D coverage. Some exceptions apply.

Coverage when traveling

Our UCare Medicare Plans travel with you. UCare AnywhereSM covers you wherever you travel in the U.S. when you get care from any provider that accepts Medicare.

As a UCare Medicare member, here’s how it works:

• You’ll pay your in-network copay for primary care, specialty office visits and physical therapy
• You can take advantage of your out-of-network benefits any time during the year
• Your plan covers up to 80% of many other non-emergency services you receive in the U.S.

Emergencies are covered while traveling in the U.S. and worldwide with a copay.
Prescription drug coverage

Find a drug
Search our List of Covered Drugs (formulary) at ucare.org/medicare123, click “find a doc, find a drug.”

If you prefer, use the printed 2021 List of Covered Drugs provided. Check the alphabetical index in the back to find your drugs.

Find a pharmacy
Fill your prescriptions at one of more than 23,000 preferred and 42,000 standard pharmacies in our plan network.

You’ll save more when you use preferred pharmacies:

• Express Scripts preferred mail order pharmacy provides a 90-day supply for two copays

You can also fill your prescriptions at standard cost-share pharmacies nationwide, including Walgreens.

To find a preferred pharmacy in our plan network, use the online search tool at ucare.org/medicare123.

If you prefer, call for help or request a Provider and Pharmacy Directory at 1-877-523-1518.

You can make the most of your dental benefits when you see providers in the Delta Dental Medicare Advantage network. You may pay more for services if you see a provider outside this network.

Cost-sharing may differ based on pharmacy type or status (mail-order, retail, long term care (LTC), home infusion), whether the pharmacy is in our preferred or standard network or whether the prescription is short-term (30-day supply) or long-term (90-day supply).

Additional requirements or limits on covered drugs — Some covered drugs may have additional requirements or limits on coverage. These may include: Prior Authorization (PA), Quantity Limits (QL), or Step Therapy (ST). Visit ucare.org/medicare123 to find out if your drug has any additional requirements or limits. You can also ask us to make an exception to these restrictions or limits. Details on how to make these requests are in the formulary and in the UCare Medicare Plans Evidence of Coverage.

Extra Help for Medicare Part D

You may be able to get Extra Help to help pay for your prescription drug premium and costs.

To see if you qualify, call:
- 1-800-MEDICARE (TTY users call 1-877-486-2048), 24/7
- Social Security Administration at 1-800-772-1213 (TTY users call 1-800-325-0778), 7 am – 7 pm, Monday – Friday
- Your State Medicaid Office or County Human Services Office

Additional information
Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions, you can call and speak to a Medicare Sales Specialist at 1-877-523-1518.

Understanding the benefits
- Review the full list of benefits found in the Evidence of Coverage (EOC), especially for those services for which you routinely see a doctor. Visit ucare.org or call 1-877-523-1518 to view a copy of the EOC.
- Review the provider directory (or ask your doctor) to make sure the doctors you see now are in the network. If they are not listed, it means you will likely have to select a new doctor.
- Review the pharmacy directory to make sure the pharmacy you use for any prescription medicine is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.

Understanding important rules
- In addition to your monthly plan premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.
- Benefits, premiums and/or copayments/coinsurance may change on January 1, 2022.
- Our plan allows you to see providers outside of our network (non-contracted providers). However, while we will pay for certain covered services provided by a non-contracted provider, the provider must agree to treat you. Except in an emergency or urgent situations, non-contracted providers may deny care.

Provider network coverage
While you are a member of our plan, you must use network providers to get your medical care and services covered at in-network cost-share levels. Exceptions to this include emergency care, urgent care, out-of-area dialysis services, lab services, Medicare-covered preventive screenings, and cases in which the plan authorizes use of out-of-network providers. You can obtain certain covered services from out-of-network providers at different cost-share levels.

Out-of-network/non-contracted providers are under no obligation to treat UCare members, except in emergency situations. Please call our Customer Service number or see your Evidence of Coverage for more information, including the cost-sharing that applies to out-of-network services.

Learn about special services
Care Management
UCare provides extra support to members with short-term or complex health needs, and social service needs. A case manager is available to you based on such factors as your use of acute services, your health assessment or provider referral.
We offer care management to members with select diagnoses who transition to home from a hospital or skilled nursing facility. Care management may entail communication with a facility discharge planner, medication reconciliation, assistance with scheduling follow-up appointments, and ensuring home care services are in place if ordered by your provider. Case managers coordinate services across the continuum of health care. They conduct care management by phone during business hours.

Prior Authorizations
We cover some services listed in the benefits chart only if your doctor or other provider gets approval from us in advance. Some of the covered services that need such approval include inpatient rehabilitation services, genetic molecular diagnosis test, spine surgery, bone growth stimulators and spinal cord stimulators. Other services that require prior authorization are marked with an ^ in the chart. For more information on services that require prior authorization by your provider, go to ucare.org.

The Benefits Chart section of the Evidence of Coverage includes this information for each of our UCare Medicare Plans. This information is also at ucare.org.

Understanding utilization management
Authorization and notification
One of the ways UCare makes sure you get excellent care is by partnering with your doctors to review certain types of services and procedures. We want you to get the care that is best for your needs.
This Summary of Benefits notes which types of care or services require notification or authorization. This list may change from time to time. Some examples include spine surgery and home health care.

Notification
Hospitals are required to notify UCare if you are admitted to a hospital, Long Term Care Facility, or Skilled Nursing Facility. UCare’s clinical team will coordinate with your doctors to make sure you get the care you need. If needed, UCare may set up post-hospital care.

Authorization
Before some services will be covered, your provider must get approval from UCare. This is true whether the provider participates in a UCare network or is out-of-network.
To make a coverage decision, UCare’s clinical team evaluates if the service is medically necessary, appropriate and effective for your need.
Prior authorization, or preservice review, means that before you get the service, your provider must provide information to UCare and request approval. If pre-approval is required for that service, it will only be covered if the approval was granted.
Urgent concurrent and concurrent review often occurs during a Facility admission, or Skilled Nursing Facility stay. UCare will review to see if your care might need to continue longer or if different care is needed.
Post-service review is needed if your doctor didn’t request pre-service review. Your claim may have already been denied because authorization is required for coverage. After your doctor requests review, UCare will consider your situation and care plan to make sure you get the coverage you are entitled to as a UCare member.
If we deny a request made by you or your doctor, for medical services or pharmaceuticals, you or your doctor may appeal our decision. When you file an appeal, you or your Doctor may submit additional documentation that is relevant to your appeal. Appeal requests are reviewed against current medical evidence and your benefit plan by physicians. If we deny your appeal, you will be given information on how to file a second level appeal.

Learn more
Go to ucare.org and click on “plan resources.” UCare members can also look up services in their Evidence of Coverage and Annual Notice of Change documents. These documents note if notification and authorization is required. The Evidence of Coverage is provided to all members. Every renewal year, members receive an Annual Notice of Change that explains any changes to their plan benefits.

Consider Medicare coverage limits
The following items and services are not covered under Original Medicare or by our plan:
- Services considered not reasonable and necessary, according to the standards of Original Medicare, unless these services are listed by our plan as covered services
- Experimental medical and surgical procedures, equipment and medications, unless covered by Original Medicare or under a Medicare-approved clinical research study or by our plan. Experimental procedures and items are those determined by our plan and Original Medicare to not be generally accepted by the medical community.
- Private room in a hospital, except when it is considered medically necessary or if it is the only option available.
- Personal items in your room at a hospital or a skilled nursing facility, such as a telephone or a television.
- Full-time nursing care in your home.
- Custodial care — care provided in a nursing home, hospice or other facility setting when you do not require skilled medical care or skilled nursing care. Custodial care is personal care that does not require the continuing attention of trained medical or paramedical personnel, such as care that helps you with activities of daily living, such as bathing or dressing.
- Homemaker services include basic household assistance, including light housekeeping or light meal preparation.
- Fees charged for care by your immediate relatives or members of your household.
