

Things to consider as you compare individual & family plans

As you explore your options, you'll want to compare plan features, costs and benefits. Use this easy comparison tool to keep you organized.

Before you begin comparing plans, check to see if you are eligible for a subsidy on MNsure. It's the only place you can get financial help to lower your monthly premium. Get started at mnsure.org.

	Plan 1	Plan 2	Plan 3
What is the name of the plan?			
What is the monthly premium?			
What is the plan's deductible?			
Is the plan compatible with a health savings account (HSA)?			
Is the plan available on MNsure?			
Are my doctors, clinics, pharmacies and hospitals in the plan's network?			
What is my copay for doctor and clinic visits?			
Are my medications included in the list of covered drugs?			
What is my copay for prescriptions?			
What health and wellness programs are included in the plan?			
Does the plan include convenience care at no additional cost, including online visits and retail clinics?
